

AMENDMENTS TO THE SPECIFICATION

Amendments to the specification are reflected in the enclosed substitute specification. A marked up copy is provided, showing the changes made to the originally filed specification to arrive at the enclosed clean copy.

Please replace the two paragraphs of the abstract at page 78 of the specification with the following amended paragraph:

~~The present invention relates to an~~An interlabial pad individual wrapping container is presented of such a structure as which facilitates surely and sanitarily fixing and unfixing an interlabial pad between the labia of a wearer, ~~and an interlabial pad individual wrapping body, and provides the~~ The interlabial individual wrapping container which can be used as a preferred handling member at the time of fixing or unfixing the interlabial pad. Two fingers of the left hand are inserted in the finger insertion openings formed from the belt body attached on the wrapping container; the wrapping container is separated into the sections and along the separation part by opening these fingers to the left and right; and in this state as it is, the action for fixing the interlabial pad held on a finger of the right hand is performed.
